Dear Mr. Everett:

I am pleased to inform you that the Occupational Safety and Health Administration (OSHA) has removed your One-Year Star Conditional participation status and has restored your organization to full status within our Voluntary Protection Programs (VPP) as a Star participant. Please accept my congratulations on this noteworthy achievement. Enclosed is important VPP participant information.

You and your employees should take great pride in this accomplishment. You have completed your One-Year Star Conditional goals in a timely fashion, and your dedication and perseverance have allowed you to return your safety and health benchmark to a level to which few organizations aspire. Worksites like yours truly demonstrate the effectiveness of VPP, and we encourage you to educate and mentor others in the benefits of effectively managing occupational safety and health.

On behalf of OSHA, I extend my thanks to you and your employees for your commitment to excellence, VPP, and the principle of continuous improvement. I look forward to hearing about your ongoing safety and health endeavors and successes.

Sincerely,
